We keep store to supply our customers with what they want. We do not presume to instruct them as to what they ought to want.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return if not satisfactory; money returned in full.

CONGRESS.

A Substitute for the Resolution for Reciprocity With Canada—News from Washington.

WASHINGTON, March 20.—At a meeting of the house committee on foreign affairs to-day a sub-committee reported a substitute for a resolution for reciprocity with Canada offered by Mr. Hitt, of Ills. Mr. Hitt was directed by the full committee to report the substitute to the house. The substitute is as follows:

Resolved, That whenever it shall be duly certified to the president of the United States that the government of the Dominion of Canada has declared a desire to enter into such commercial arrangements with the United States as will result in the complete removal of all duties upon trade between Canada and the United State, he shall appoint three commissioners to meet those who may be designated to represent the government of Canada, to consider the best method of extending the trade relations between Canada and the United States, and to ascertain on what terms greater freedom of intercourse between the two countries can be best secured, and said commissioners shall report to the president, who shall lay the report before congress.

THE TARIFF BILL.

The republican members of the ways and means committee will submit the tariff bill to the full committee Friday. There are one or two items not finally acted on, but these will be definitely settled before time. An arrangement has been reached with regard to the Mexican lead ores which has been a vexatious problem.

Lead ores will be dutiable at 1½ cent per pound and will have to pay a duty regardless of whether or not the lead ore is associated with other ores. Under a ruling of the treasury department lead ores were allowed to come in free of duty when mixed with silver ore, where the latter was the material of chief value. There was a great deal of complaint in the West over this ruling and under the new schedule lead ore will pay a duty under all circumstances.

EDUCATIONAL BILL.

At one o'clock the educational bill came up in the senate and Mr. Bate took the floor in defense of Tennessee's position in the sisterhood of the states. He opposed the bill. At two o'clock Mr. Blair took the floor to conclude the debate. There is some talk of postponing the bill to December next. This would be a method of killing it by indirection.

The Blair educational bill was defeated by a vote of 37 to 31.

Dakota Legislature Adjourns Rebuking a Governor—A Doubtful Law.

CHICAGO, March 20.—A dispatch from Bismarck, N. D., says: The legislature has adjourned. The senate considered in open session the appointments sent in by Governor Miller Monday. There was no secrecy and after an oral bombardment of the governor's position and a scathing denunciation for his failure to consult the senate on appointments, the entire list of appointments were rejected. Senator Werst said the governor had taken 119 days to decide upon the men to hold the positions of trust throughout the state and now expected the senate to do the same work in a day. Other senators spoke in the same vein. The governor will now probably commission his appointees.

A short time before adjournment it was discovered that R. N. Stevens, chairman of the house railroad committee, had disappeared with the bill providing for taxation of the railroads of the state. The bill had passed the senate and by common consent it was to pass the house. It was too late to pass another bill and officers were dispatched in every direction to capture the missing Stevens, but all efforts were futile.

As the next best thing, a certified copy of the original bill in possession of Stevens passed the house and was sent to the governor for his approval. This is a doubtful law. A motion to expel Stevens for his unprecedented action was defeated.

Boomers Will Go In.

ARKANSAS CITY, March 20.—The boomers have issued a proclamation to the effect that they will enter the Cherokee strip on April 22, the anniversary of the opening of Oklanoma. No attempt will be made to disobey the president's orders and enter before that time.

Clearing the Cherokee strip was begun yesterday by the United States cavalry troops, four companies marching the full width at equi-distances from each other. No resistance is made by settlers. Rosts will be established to prevent invasion until legally opened by proclamation.

The Weather.

WASHINGTON, March 20.—The storm which was yesterday morning central on the Virginia coast, passed northeastward to Nova Scotia, causing severe northeasterly gales on the coast.

For Indiana—Rain; warmer; southerly winds.

THE WIRES TALK.

Telegrams Cut Short and Bunched Together.

DANVILLE, Pa., March 20.—The sudden disappearance of Gideon K. Poindexter, the warehouse man, continues to be a sensation, and his whereabouts are unknown. Some persons believe that he left with $15,000 if not more. The countrymen whose tobacco he sold are out about $3,000. One hundred attachments have been issued against persons supposed to be indebted to Poindexter.

WILKESBARRE, Pa., March 20.—The work of distributing provisions and supplies among the destitute miners was actively commenced here yesterday. The distribution force of the benevolent society were kept hard at work all day and the store room was crowded with applicants for aid, chiefly women, who told sad stories of want.

SHELBYVILLE, Ind., March 20.—Thos. Vandevier's saw mill at Brookfield, ten miles west of here, was blown up by dynamite and completely wrecked Tuesday night. The loss is several thousand dollars. The identity of the perpetrator is unknown.

NEW YORK, March 20.—A fire in the Hotel Bristol, No. 17 East Eleventh street, early this morning created a panic among the guests, many of whom fled to the street clad in very light apparel. The fire was extinguished after a loss of $5,000 was caused.

FREDERICKSBURGH, Va., March 20.—Four indictments against Harrison Wagner were found yesterday by the grand jury at Stafford court house. The charge is forgery in connection with the papers in the suit against the Adams Express company.

PHILADELPHIA, Pa., March 20.—Ex-Mayor Daniel Fox died at 7:15 o'clock, this morning, at Atlantic City, where he has been ill for the past ten days.

LA CROSSE, Wis., March 20.—The condition of Arch-Bishop Heiss remains about the same as during the past forty-eight hours. He rallied a little yesterday, but relapsed again during the evening. A consultation of physicians was held, and they report that the prelate may pass away at any moment.

INDIANAPOLIS, March 20.—Mrs. Margaret Reibold, aged seventy six, mother of Louis Reibold, proprietor of the Hotel Bates, died last night, of quinsy and heart trouble. The other sons are Fred Reibold, of Dayton, O., and Daniel Reibold, of Terre Haute.

SAN FRANCISCO, Cal., March 20.—When asked the effect of the proposed reduction on the duty of sugar on the beet sugar industry of California, John D. Spreckles replied, "It will kill it. If the proposed bill passes we shall not put up machinery for a second refinery, but will send it back to Germany."

VICKSBURG, Miss., March 20.—The break in the levee has increased to 350 feet wide. One of the broken ends has been secured and the other will be made secure to-day. No great damage has yet been reported from the overflows, only one cabin in the immediate vicinity of the break having been washed away. The water is spreading in the low places and is now within four miles of Greenville, on the Black bayou. It is thought Greenville is in no danger from this break. The river has fallen here five inches since the levee at Luna, Ark., broke. No efforts are being made to close that crevasse and at last reports it was widening and a large amount of water was passing through. All other points in this levee district are reported safe.

CAIRO, Ill., March 20.—Water undermined a hill at Columbus, Ky., on the Mississippi south of here, yesterday, and an area of three acres was carried into the river. A wave twenty feet high wrecked four small boats and the large Iron Mountain transfer steamer Julius Morgan. She was lifted by the waves and came down on piling, which staved holes in the bottom of the boat, the piles going above the engine room.

MISSOULA, Mont., March 20.—W. S. Paine and C. A. Searls, former employes of the Northern Pacific express office at Brainerd, Minn., were arrested here yesterday for robbing that company of $15,000 about a year ago. The men have been living here about six months.

Foreign.

ST. PETERSBURG, March 20.—The Novosti, commenting on the resignation of Prince Bismarck, says: "The solitary support of the edifice of European peace has crumbled."

LONDON, March 20.—The Standard's Berlin dispatches says that General Von Caprivi is opposed to increasing the navy, a measure which the emperor favors.

After a Murderer.

SPRINGFIELD, Ill., March 19.—Governor Fifer to-day offered a reward of $200 for the arrest of the burglar who murderously assaulted ex-State Senator D. B. Gillhan, at Upper Alton, Ills., last Tuesday.

The City is All Right.

CHATTANOOGA, March 20.—The shortage of City Auditor Whiteside, so far as known, is only $6,882.50, and the city is secured by good bonds.

BY HER OWN HAND!

Miss White, a Pretty Young Lady, of Joliet, Ill., Commits Suicide While Driving on the Street.

JOLIET, Ill., March 20.—Miss Jesse Z. White, the pretty daughter of James S. White, of 63 Nicholson street, died by her own hand last evening, the victim of a long course of malicious persecution.

Miss White had been driving about the streets for quite a while during the early evening. She was alone in the buggy, and pleasantly acknowledged the bows of acquaintances she met in the course of her drive.

Just before dark she stopped her horse in front of the Hotel Mcnroe, picked up a box from the bottom of the buggy, opened it and from it took a revolver which she pressed against her left breast and fired, falling dead in the buggy.

For three years Miss White has been in receipt of anonymous letters charging her with immorality and threatening her with death and all manner of evil, and in a letter addressed "To My Dear Ones at Home," she said she was tired of life and was going to kill herself to deny the "letter writer the pleasure of doing it." Miss White was nineteen years old and much respected.

DESERTS HER HUSBAND

And Elopes With a Worthless Tramp --A Woman's Strange Infatuation.

CHICAGO, March 20.—Sheriff Allinger, of Sidney, O., is in Chicago looking for a runaway wife. The woman, whose name is withheld, is the wife of one of the wealthiest citizens of Fort Jefferson, Ohio. The man for whom she left her husband, home and children is said to to be a worthless and ignorant tramp.

Last Saturday afternoon the woman obtained about $100 from her husband, gathered her jewels and other valuables together, and left for Muncie, Ind., where she was met by her paramour, and together they came to Chicago.

LAST OF THE SEASON.

The Switchmen to Have a Grand Ball at Princess Rink.

The Switchmen's Mutual Aid association of this city have decided to give a grand ball at Princess Rink on April 24. The First Regiment band and orchestra has been engaged and the boys will go to considerable expense to have a nice affair.

The committees are as follows:

Reception Committee—Theodore Bly, E. J. Morris, N. W. Lancaster, Frank Devilla, Ross Gardner, J. M. Kelly, P. D. Davis.

Floor Managers—D. C. Murphy, chief; Henry Bly, D. H. Hase, George London, Joe Wells, H. O. Russell.

It is expected that this will be the last ball of the season at the Princess.

OFF FOR HUNTINGTON.

Three Delegations of Odd Fellows Go From Here.

This afternoon a delegation of about two hundred Odd Fellows left over the Wabash for Huntington to participate in the ceremonies and festivities attendant upon the dedication of a new Odd Fellows hall.

The delegation had a representation of the Patriarchs Militant from Garrett, Columbia City and Fort Wayne, the two former being guests of Fort Wayne and marching under the escort of the First Regiment band, provided by the home lodge.

Quite a number of ununiformed members also attended.

The Steele Trial.

CHICAGO, March 20.—The members of the Steele court martial were treated to something of a sensational character at the opening of the third day's session this morning, and the subsequent proceedings were anything but agreeable to ex-Private Wild, Lieutenant Steele's accuser. Just as soon as the voluminous record of yesterday had been read Lieutenant Crowders, counsel for Steele, informed the court that some important undeserved evidence had come into his possession.

He went on to say that three days ago Wild visited the general offices of the local recruiting sergeant and in the course of a lengthy conversation, plentifully interlarded with vile epithets, had stated that he bore a personal grudge against Steele, and had at last a chance to get even.

On Thursday evening, March 27th, the citizens of Fort Wayne will be treated to a treat of treats in the shape of a lecture by Miss Nellie Bly. It is only through the acquaintance of Mr. Johnston (Miss Bly's representative for Mr. J. M. Hill) with Mr. Bower, the general secretary of the Y. M. C. A., that she was secured for this city, and Fort Wayne can consider herself among the favored few. Miss Bly will carry her audience around the world in one hour and a half in a most interesting and fascinating way, relating the scenes and incidents that occurred on that most remarkable trip around the globe in seventy-two days.

George Kennan will lecture in this

STRIKE SETTLED.

The London Mine Owners and Operatives Agree Upon a Satisfactory Settlement--Other Cable News.

LONDON, March 20.—The conference between the mine owners and their operatives to-day resulted in the granting to the men of an immediate advance in wages of 5 per cent.

It was also agreed that another increase of five per cent. should be allowed from August 1. Work is to be immediately resumed. The conference also resulted in an agreement upon the main principles of a plan for dealing with the wage question in the future.

BERLIN, March 20.—The National Zeitung, referring to Prince Bismarck's remark to one of the Italian delegates, Signor Boccardo, yesterday, that the policy of Italy and Germany must be identical in the future as they had been in the past, says it can be confidently applied to the foreign policy of Germany generally. Nothing in the appointing of General Von Caprir, to succeed Prince Bismarck, the paper says, is threatening. Attention is called to the fact that the Duke of Wellington was at one time prime minister of Great Britain, and the Zeitung declares that German generals appreciate the blessings of peace no less than other Germans in responsible positions.

The Vossisch Zeitung says: "The tension of European politics has been brought to a climax by the fact that the destinies of Europe have suddenly been deprived of their axis. Prince Bismarck was a guarantee of peace. His successor will be compelled to immediately deal with the question of a reduction of the military bureau in the interests of peace. The nation witnesses the retirement of Prince Bismarck with regret but without anxiety."

General Von Caprivi, commander of the Tenth army corps, has been appointed chancellor of the empire to succeed Prince Bismarck.

The North German Gazette gives prominence to a report that General Von Caprivi not only succeds to the chancellorship but to the presidency of the ministry.

LONDON, March 20.—It is reported that Ishake Khan is at Bokhari with a large force, equipped with repeating rifles and artillery, ready to invade Afghanistan.

BRUSSELS, March 20.—The ministry of husbandry in the chamber of reports yesterday refused to consent to a tax upon grain imports.

PARIS, March 20.—There is a generally anxious feeling here. A rumor prevails that the German embassador will resign. The rumor has a depressing effect on the bourse.

LONDON, March 20.—Lord Salisbury denied that the government intended to hand over to the Boers the control of Swan island. He also expressed the hope that the Behring sea matter would soon be settled, but added that with so suspectible a nation as the United States the government could not negotiate at the top of its voice (loud laughter). Lord Salisbury ridiculed the idea that a dissolution of parliament was immenent. He severely censured the luke-warmness of the tories, which, he said, had contributed to such reverses as the present government had met. Lord Salisbury asserted that the new Irish bill would guarantee the security of the property of Irish landlords. A vote of thanks was then accorded to Lord Salisbury.

HANDSOME AND RICH.

Fort Wayne Gents Sueing for the Hand and Fortune of Madam Naomi.

Madam Naomi, of Chelsea, Mich., who has offered $5,000 and her farm in Michigan to the young gentleman of this city, who will accept her heart and hand, is creating a sensation and when she visits here will find no trouble at all in securing a choice from several.

The unmarried newspaper men are all in the race—Mohler, Moynihan, Dougall and others—and besides these a dozen more have signified their intention of entering the lists. It has been suggested that the young lady marry a dozen or more, and this she will have to do, or there will be a general fight on hand.

THE SENTINEL looks for "music in the air and blood on the moon" when Madam Naomi arrives. Correspondence has already sprung up between a score of young gentlemen of this city and Madam Naomi, and the fun is only just begun.

The young lady's accomplishments are great and this, added to her fortune, will find hundreds of suitors bowing to her within an hour after she reaches Fort Wayne. It is said that City Editor Mohler has already made a flying visit to Chelsea.

Go-out-between-acts young men were surprised to find last night that intermissions were only one minute long each time at the performance of "Nordeck." It is a good innovation for Fort Wayne.

Mr. Charles Geiger was tendered a reception by his gentlemen friends last evening, previous to his departure to Durango, Col., where he will enter the employ of George Goodman, formerly of this city, who is in business there.

Blind Tom, the negro musical prodigy, by some mistake found himself at Clay City last Monday, but before the next train came along the music lovers of the town persuaded Tom to give them a concert. He complied, and a handsome purse was contributed in return.

Our people should remember the lecture of Rev. R. M. Barns, D. D., at the Wayne Street M. E. church this evening. The lecture will be one of unusual interest as the reverend gentleman is a popular speaker, and knows well how to entertain as well as to instruct.

Miss Ella Hagerhorst, of Toledo, O., is visiting Miss Anna Gaetje, at 179 Calhoun street. Mr. Fred Smith, of Port Huron, Mich., baggagemaster of the Chicago and Grand Trunk road, is also visiting in the city. These two items belong together and have a significance.

Dan Carpenter, of Elkhart, has leased the base ball park at that place and organized a team to enter the Indiana league, which yet requires two clubs for its completion. Goshen parties are figuring to organize a team and secure the other franchise. The Goshen News heads a subscription list with $50 for that purpose.

Interest centers in the attractions at the World's Museum this week. The attendance was large. The half man half horse is the wonder of all and the chicken hatching machine attracts a great deal of attention. The stage performance is good, Manager Geary is arranging a good show for next week and he has one this week that delights everybody.

Manager Geary, of the World's Museum, had several boys out this morning cleaning the street crossings on Calhoun street. On the backs of each of the boys was a sign reading "We are working for Wild Rose." This is the attraction that appears at the World's Museum next week, and Manager Geary takes this way of advertising it. He pays the boys for their work out of his own pocket. Such a way of advertising is a benefit to the public.

A short time ago Mr. F. W. Pottmeyer, of Logansport, issued a challenge to the pool players of the state, offering to play any one of them a match game of pool for $100 a side and the championship of Indiana. Mr. Will Coleman, of Indianapolis, has accepted the challenge and signed articles of agreement, which stipulates that the game take place in Logansport, 200 balls to be played each night for three nights, beginning next Monday evening.

FIRE SWEPT!

Two Blocks of Buildings Destroyed at Jacksonville, Fla.--The Manhattan Electric Case.

JACKSONVILLE, Fla., March 20.—Two blocks of buildings and the Elgin house in Lavalle, a suburb of this city, were destroyed by fire early this morning loss, $125,000; many of the tenants escaped in their night clothes. No lives were lost.

The burned buildings include Hall's immense store and warehouse, J. E. Bowden's Turkish bath establishment and eight cottages, besides the hotel.

NEW YORK, March 20.—In the supreme court to-day Judge Andrews denied the motion of the Manhattan Electric Light company to enjoin the board of electrical control, and the mayor from awarding a contract to the Standard electric company for the construction of subways, and the Consolidated telegraph and electrical subway company from transferring the present subways to the new company.

CLAIMS DISALLOWED.

The County Made Defendant in Suit For $25,000 Damages.

The county commissioners yesterday disallowed the claims presented by Branyan & Spencer and Cobb & Watkins, of Huntington, as attorneys for Henry M. Sparks, damages, $5,000; James M. Wilmore, administrator of the estate of Emanuel Isenberger, damages, $10,000; Joseph J. Creviston, administrator of the estate of Horace M. Wright, damages, $10,000; brought by the breaking of a bridge at Zanesville, by which injuries and death were incurred.

Mr. Sparks received injuries to his leg, knee, hips and body, and to such extent that he was permanently disabled, besides which his engine and machinery were damaged to the extent of $150. Mr. Wilmore, administrator, shows in his complaint the same state of affairs as regard to the condition of the bridge, and shows that Isenberger was so dangerously injured that death resulted the day after the accident. After reciting the facts of the accident, Mr. Joseph J. Creviston, as administrator of the estate of Horace M. Wright, relates the death of Wright from the injuries received after long and great suffering, and the fact that he had left dependent a wife and six children.

The cases have been taken to the superior court, and will be strongly contested on both sides.

Bell & Morris will appear for Allen county.

CHANGING BEATS.

Marshal Franke Makes Some Transfers in the Day Police Force.

Marshal Franke has decided to adopt the measure of Chief Wilkinson in transferring officers to different beats.

This morning Officer Patton, who has for a long time patrolled down-town territory, was transferred to Officer Troutman's beat, in the south end, and Troutman goes to Officer Quinn's beat, in the west end. Officer Quinn is transferred to Patton's beat down town.

There will be more changes.

"A DIAMOND BRACELET."

The Suburban Home of L. M. Ninde Entered by a Burglar.

A few nights ago the suburban home of Hon. L. M. Ninde, in South Wayne, was entered by a burglar. Mr. Ninde pursued the intruder through the house, but the fellow escaped, taking with him a valuable diamond bracelet, belonging to Miss Jennie Ninde, and other articles to the value of perhaps $300.

He Will Return.

A few days ago THE SENTINEL printed an article concerning Mr. Ambrose MacNeil, whose whereabouts at that time was puzzling some in this city. The following letter has been received from Mr. MacNeil:

FLINT, Mich., March 18, 1890.

Editor of The Sentinel.

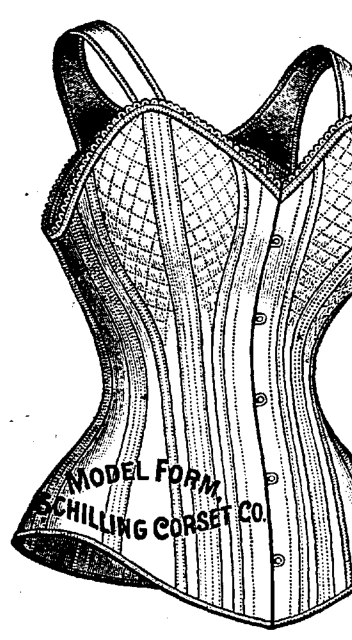

I thought I would drop you a brief line or two and inform you that I expect to return to Fort Wayne within about two weeks.

A number of the members of the Ancient Order United Workmen paid a very pleasant visit to Garrett, Ind., on Tuesday evening, where, upon invitation of Provident Lodge, No. 46, the visitors were treated to an elegant banquet after the business of the lodge was over. Three candidates were introduced into the mysteries of the order, and the "pranks of Mr. Goat." This lodge was only lately instituted and from the outlook promises to be one of the leading lodges in the northern part of the state. The visitors were royally entertained during their stay, and at an "early" hour took their departure for home with best wishes for the success of their Garrett brethren and Provident lodge. Among those present from this city were A. P. Jackson, W. A. Jackson, W. S. Harrison, S. Fessenden, Edward Hagan, I. P. Merilette. John N. Pfeiffer, L. H. Johnson, M. M. Haines, N. W. Lambert, A. V. THE days and nights are now equal, but the days will gradually outlengthen the nights.

The republicans of Aboite township will nominate their candidates for township offices one week from to-morrow.

So FAR 51 of the 211 Presbyteries in this country have voted on the question of a revision of the Westminster confession, 36 voting "yes" and 15 "no."

FORT WAYNE is fixed now. She has a base ball club for the coming season. We venture the prediction that our boys will carry off the pennant for 1890 in the Indiana league games.

OUR winter ends and spring begins to-morrow. It has been winter in name only and throughout the entire season there has not been a day's sleighing in Fort Wayne. It was an open winter for a fact.

ATLANTA, Ga., provides for the members of its city fire department by taking out accident policies which will give each member of the force $10 a week if disabled by accident, and $1,500 to his family in case of death. The cost to the city is $14,000 annually.

QUEEN VICTORIA has written two books which have never been published. They are volumes of travel, and recount her impressions of various places on the continent. She has been so annoyed at the criticisms of her published works that she has refused to have these manuscripts put into print. They will be published after her death.

POSTMASTERS for Indiana were appointed yesterday as follows: Banquo, Huntington county, W. S. Spaulding, vice A. D. Kaylor, resigned; Forest Hill, Decatur county, J. S. Ryker, vice L. J. Crise, removed; Montclaire, Hendricks county, Thomas Plummer, vice T. W. Ellis, removed; Roseburgh, Grant county, A. Overman, vice L. K. Foust, resigned.

BISMARCK'S retirement from the duties of the chancellorship under young Emperor William of Germany, created a great surprise in diplomatic circles all over the world. It has been evident for some time that the breach between the chancellor and the pertinacious and priggish young emperor was daily growing wider. He doubtless felt the ingratitude of his new master, and when he found that he had only responsibility, without power, he preferred to retire to Friedrichsruhe to end his days in peace. The great empire will miss his genius and ruling hand.

VOORHEES ON THE TARIFF.

The resolution offered by Senator Voorhees, of Indiana, last Monday in the United States senate, as to the agricultural depression, was taken up yesterday and Mr. Voorhees addressed the senate in relation to it in a masterly speech. He spoke of the deep, strong current of anxiety, discontent and alarm prevailing in the farming communities and said that he proposed to aid them in the inquiry as to the causes of the existing depression.

Mr. Voorhees characterized the protective tariff as a curse. He was dealing not with a theory, but with a condition which even a blind man could look at and drew from it an unerring conclusion. The farmers of the United States to-day do not receive on an average more than ten cents a bushel for corn, fifty cents for their wheat, and from two to three cents per pound for hogs.

It was a notorious and self-evident truth that the tariff as it now stood, increased the farmer's expense account from 25 to 100 per cent. on every implement of industry with which he toiled. He declared that not only had there been no increase in the value of land for the last quarter of a century, but there had been an absolute loss of 33 per cent. If the improved farm lands of the United States were put to sale today under the most favorable circumstances, they would not, he said, on a general average, realize more than two-thirds what their value had been years ago.

The farms of the state of Ohio were now under mortgage to the amount of three hundred million dollars. In the state of Illinois the things are no better, the mortgages in the state amounting to four hundred and two millions. Twenty-three per cent. of the whole face of the state of Illinois was under mortgage. The state of Michigan is still worse. Forty-seven per cent. of the whole surface of that state is under mortgage. In the states of Indiana, Kentucky, Missouri, Kansas, Iowa, Nebraska, and the whole northwest from 30 to 50 per cent. of the farm lands were under mortgage at such rates of interest as farmers could never pay out of their crops, to say nothing of the principal. The remedies to be applied were: First, tariff reform; second, a full supply of legal tender money; third, free coinage of silver; fourth, suppression by law of gambling in futures; fifth, a liberal policy of pensions.

ANOTHER ELECTION LAW.

Mr. Kelley, of Kansas, has introduced a bill in the house to provide for the election of members of the house. It declares that no law or constitution shall deprive a citizen, once duly authorized to vote for a member of the legislature, of his right to vote, except upon conviction of felony.

Congress is to fix the congressional election districts in each state immediately upon the publication of the census returns and the determination of the basis of representation. Districts are to be made up of contiguous territory, and as nearly equal in population as possible; and in case congress fails to arrange the districts ninety days before election, the representatives are to be elected from the state at large.

District judges are to appoint commissioners of elections at a salary of $1,500 per annum, who shall prescribe the precincts and election places, transmit returns and preserve ballots. They shall also appoint registrars of voters, who shall nominate four associates to hold the elections. The commissioner is to furnish ballots. If persons are, by intimidation, prevented from voting, they may file a statement of their intention with the commissioner of elections. The elections are to be held on the Australian system.

AT A FAST GAIT

A Millionaire's Son and His Career of Crime.

SYRACUSE, March 20.—A young man named Mallofy, who was arrested here yesterday for robbing trunks, has a remarkable record. He is the son of a millionaire coal operator, of Towande, Pa. He is only twenty-seven years old, and began a career of crime when fifteen year old by stealing money, and with three companions ran away from home. His next exploit was the stealing of a number of car loads of brass castings, which he hired several men to remove from the cars standing on the side track. These he sold for $150, and then fled to the west. In Cincinnati he appeared as a society swell, spending his mony freely, and on one occasion giving a swell dinner, to which he invited a number of his new made friends, at a cost of $800. When his money was gone he had little difficulty in securing loans from his wealthy friends, after which he disappeared. He was about twenty years old when he was sent by his father to a cattle ranch in New Mexico, where he was employed as a clerk. He left there suddenly and raised $20,000 in Denver on a forged check, using his employer's name.

He traveled from Denver to New Orleans in a Pullman sleeper, which he hired, and there he boarded a steamer for Buenos Ayres, closely followed by detectives. At Buenos Ayres he posed as an English lord, engaged the most expensive suite of rooms in the city, bought the finest pair of horses, and spent money with a flourish. His apparent wealth gave him entree into the best society, and before he left was engaged to marry a beautiful and wealthy lady; but learning that the detectives were on his track he fled to Peru, where he was captured, just as his funds were getting low, and was brought back to this country. His father paid the amount of the forgeries, but young Mallory was sent to prison for three years. Since his discharge he has been in several scrapes, but has escaped punishment.

ST. AUGUSTINE, Fla., March 20.—The Chicago-Brooklyn National league base ball game was postponed yesterday on account of rain.

A blessing to humanity is what Dr. Bull's Cough Syrup can well be termed, for it has done more good already than any other medicine. One trial will convince any one of its efficacy. Price 25 cents.

That I pass pain by, as an idle word,

RIFLE PRACTICE.

A Home Organization to Compete for Handsome Prizes.

Next September there will be a competitive shoot at Camp Douglass, Juneau county, Wisconsin, under the auspices of the Military Rifles association of the National Guard. This association was formed last January, and it represents the militia of Michigan, Minnesota, Indiana and Iowa.

Captain Will Peltier, of the Rifles, has received instructions from the adjutant general to send ten men to the above mentioned shoot to compete for the prizes, which run into thousands of dollars.

Ten of the best men in the company will be chosen and put in rifle practice.

Mind Wrecked.

LAPORTE, March 17.—Papers were received here to-day granting the application made for the admission of L. A. Cole, of this city, to the Logansport insane asylum. Mr. Cole is a prominent lawyer, and one of the oldest members of the LaPorte county bar. He is an old soldier, and commanded a company in the Ninth Indiana regiment during the war of the rebellion.

Why continue the use of irritating powders, snuffs or liquids. Ely's Cream Balm, pleasant of application and a sure cure for catarrh and cold in head, can be had for 50c. It is easily applied into the nostrils, is safe and pleasant, and is curing the most obstinate cases. It gives relief at once.

The proprietors of Ely's Cream Balm do not claim it to be a cure-all, but a sure remedy for catarrh, colds in the head and hay fever. It is not a liquid or a snuff, but is easily applied into the nostrils. It gives relief at once.

Off on a Jaunt.

WASHINGTON, March 19.—A large and distinguished party under the care of Charles H. Camp, left here at 7 o'clock this morning in a special train over the Pennsylvania railroad for Philadelphia to witness the launch of the Newark this afternoon from Cramp's ship yard. In the party were members of the senate and house naval affairs committees, naval officers and others.

In the meantime I struggled under great pain. Life was a burden. Two weeks ago I saw the Chicago "Times," and my eye fell on an advertisement of Tutt's Pills. I decided to try them. They have worked wonderfully. They keep me regular, don't make me sick, give me an appetite and are curing my piles. I am strong and can walk any distance. If I had had these pills five years ago they would have saved me $10,000; but they have saved my life. Let the afflicted everywhere know their value, which is beyond expression."

A Lake Shore special coach arrived in the city yesterday, bearing on board a number of the officials of the road. The officials made an inspection of the new depot, and this afternoon trains of the Lake Shore and Michigan Southern were run into the new depot. Everybody will rejoice greatly that at length the old eye-sore on the north side is to be abandoned.

Al. Swadener, engineer on the Panhandle, saved the life of a three-year-old girl in Hartford, Ind., Tuesday. The train was pulling up the grade at a rapid rate, when Swadener saw the little one seated on the end of a tie against the track. He climbed out of his cab and got to the baby just in time to push it away from the rails as he stood on the pilot. It was a heroic act.

A railway paper tie has been invented. The inventor says that he can utilize in this way the ordinary paper board, which is made from straw, grass or any cheap and coarse material. The straw boards are cemented together and pressed in molds, making, he claims, a fire and water-proof tie, which is not affected by atmospheric changes, holds the spikes firmly, is sufficiently elastic and will outwear five wooden ties.

The Westinghouse Air-brake company is providing homes for its employes. The company will sell to any of its employes a lot with a house on it at the actual cost price, payable in monthly installments, for the next ten years. In the plan is an important provision, which is that an amount of life insurance shall be carried to cancel the balance of the debt and leave the widows and heirs with the property unincumbered in case an employe dies. This method is adopted to secure loyalty and permanency, and to conserve the interests of workingmen.

Swift's Specific is the besom of destruction to Blood Poison, its destiny being to sweep from the face of the globe the deadliest scourage to which humanity has ever been subject.

S.S.S. Antidotes and eleminates Blood Poison and makes a permanent cure, instead of substituting one disease for another, as is the case with the old potash and mercury mixtures.

S.S.S. Leaves no bad effects. It is a tonic, and assists digestion and builds up the health, instead of causing indigestion and depleting the system as with potash and mercury mixtures.

S.S.S. Is more infallible than any remedy ever made. A case of Blood Poison which it fails to cure, is incurable. It is the tonic which all feeble persons should take.

When old Amos Modderland was presented to the mayor this morning he had the appearance of a man who had recently been initiated into the mysteries of a threshing machine. It was only the effects of a periodical spree, however, and it being the second offense his gray hairs did not rescue him from the dreaded sentence of "thirty days in jail."

Major Bailey, of New York, as attorney, is taking depositions at the office of Worden & Morris in a case of interference against M. M. M. Slattery. It involves the patent of an electric meter invented by Mr. Slattery and which is said to infringe on the patent of an inventor connected with the Westinghouse people. The proceedings will be long and interesting.

We keep store to supply our customers with what they want. We do not presume to instruct them as to what they ought to want.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return if not satisfactory; money returned in full.

CONGRESS.

A Substitute for the Resolution for Reciprocity With Canada—News from Washington.

WASHINGTON, March 20.—At a meeting of the house committee on foreign affairs to day a sub committee reported a substitute for a resolution for reciprocity with Canada offered by Mr. Hitt, of Ills. Mr. Hitt was directed by the full committee to report the substitute to the house. The substitute is as follows:

Resolved, That whenever it shall be duly certified to the president of the United States that the government of the Dominion of Canada has declared a desire to enter into such commercial arrangements with the United States as will result in the complete removal of all duties upon trade between Canada and the United State, he shall appoint three commissioners to meet those who may be designated to represent the government of Canada, to consider the best method of extending the trade relations between Canada and the United States, and to ascertain on what terms greater freedom of intercourse between the two countries can be best secured, and said commissioners shall report to the president, who shall lay the report before congress.

THE TARIFF BILL.

The republican members of the ways and means committee will submit the tariff bill to the full committee Friday. There are one or two items not finally acted on, but these will be definitely settled before time. An arrangement has been reached with regard to the Mexican lead ores which has been a vexations problem.

Lead ores will be dutiable at 1½ cent per pound and will have to pay a duty regardless of whether or not the lead ore is associated with other ores. Under a ruling of the treasury department lead ores were allowed to come in free of duty when mixed with silver ore, where the latter was the material of chief value. There was a great deal of complaint in the West over this ruling and under the new schedule lead ore will pay a duty under all circumstances.

EDUCATIONAL BILL.

At one o'clock the educational bill came up in the senate and Mr. Bate took the floor in defense of Tennessee's position in the sisterhood of the states. He opposed the bill. At two o'clock Mr. Blair took the floor to conclude the debate. There is some talk of postponing the bill to December next. This would be a method of killing it by indirection.

The Blair educational bill was defeated by a vote of 37 to 31.

IN NORTH DAKOTA.

Dakota Legislature Adjourns Rebuking a Governor—A Doubtful Law.

CHICAGO, March 20.—A dispatch from Bismarck, N. D., says: The legislature has adjourned. The senate considered in open session the appointments sent in by Governor Miller Monday. There was no secrecy and after an oral bombardment of the governor's position and a scathing denunciation for his failure to consult the senate on appointments, the entire list of appointments were rejected. Senator Werst said the governor had taken 119 days to decide upon the men to hold the positions of trust throughout the state and now expected the senate to do the same work in a day. Other senators spoke in the same vein. The governor will now probably commission his appointees.

A short time before adjournment it was discovered that R. N. Stevens, chairman of the house railroad committee, had disappeared with the bill providing for taxation of the railroads of the state. The bill had passed the senate and by common consent it was to pass the house. It was too late to pass another bill and officers were dispatched in every direction to capture the missing Stevens, but all efforts were futile.

As the next best thing, a certified copy of the original bill in possession of Stevens passed the house and was sent to the governor for his approval. This is a doubtful law. A motion to expel Stevens for his unprecedented action was defeated.

Boomers Will Go In.

ARKANSAS CITY, March 20.—The boomers have issued a proclamation to the effect that they will enter the Cherokee strip on April 22, the anniversary of the opening of Oklahoma. No attempt will be made to disobey the president's orders and enter before that time.

Clearing the Cherokee strip was begun yesterday by the United States cavalry troops, four companies marching the full width at equi-distances from each other. No resistance is made by settlers. Posts will be established to prevent invasion until legally opened by proclamation.

The Weather.

WASHINGTON, March 20.—The storm which was yesterday morning central on the Virginia coast, passed northeastward to Nova Scotia, causing severe northeasterly gales on the coast.

For Indiana—Rain; warmer; southerly winds.

War Inevitable.

PARIS, March 19.—The Transigeant says war is doubly certain to break out before long. Sickle fears some rash act of Emperor William will disturb the peace.

THE WIRES TALK.

Telegrams Cut Short and Bunched Together.

DANVILLE, Pa., March 20.—The sudden disappearance of Gideon K. Poindexter, the warehouse man, continues to be a sensation, and his whereabouts are unknown. Some persons believe that he left with $15,000 if not more. The countrymen whose tobacco he sold are out about $3,000. One hundred attachments have been issued against persons supposed to be indebted to Poindexter.

WILKESBARRE, Pa., March 20.—The work of distributing provisions and supplies among the destitute miners was actively commenced here yesterday. The distribution force of the benevolent society were kept hard at work all day and the store room was crowded with applicants for aid, chiefly women, who told sad stories of want.

SHELBYVILLE, Ind., March 20.—Thos. Vandevier's saw mill at Brookfield, ten miles west of here, was blown up by dynamite and completely wrecked Tuesday night. The loss is several thousand dollars. The identity of the perpetrator is unknown.

NEW YORK, March 20.—A fire in the Hotel Bristol, No. 17 East Eleventh street, early this morning created a panic among the guests, many of whom fled to the street clad in very light apparel. The fire was extinguished after a loss of $5,000 was caused.

FREDERICKSBURGH, Va., March 20.—Four indictments against Harrison Wagner were found yesterday by the grand jury at Stafford court house. The charge is forgery in connection with the papers in the suit against the Adams Express company.

PHILADELPHIA, Pa., March 20.—Ex-Mayor Daniel Fox died at 7:15 o'clock, this morning, at Atlantic City, where he has been ill for the past ten days.

LA CROSSE, Wis., March 20.—The condition of Arch-Bishop Heiss remains about the same as during the past forty-eight hours. He rallied a little yesterday, but relapsed again during the evening. A consultation of physicians was held, and they report that the prelate may pass away at any moment.

INDIANAPOLIS, March 20.—Mrs. Margaret Reibold, aged seventy six, mother of Louis Reibold, proprietor of the Hotel Bates, died last night, of quinsy and heart trouble. The other sons are Fred Reibold, of Dayton, O., and Daniel Reibold, of Terre Haute.

SAN FRANCISCO, Cal., March 20.—When asked the effect of the proposed reduction on the duty of sugar on the beet sugar industry of California, John D. Spreckles replied, "It will kill it. If the proposed bill passes we shall not put up machinery for a second refinery, but will send it back to Germany."

VICKSBURG, Miss., March 20.—The break in the levee has increased to 350 feet wide. One of the broken ends has been secured and the other will be made secure to-day. No great damage has yet been reported from the overflows, only one cabin in the immediate vicinity of the break having been washed away. The water is spreading in the low places and is now within four miles of Greenville, on the Black bayou. It is thought Greenville is in no danger from this break. The river has fallen here five inches since the levee at Luna, Ark., broke. No efforts are being made to close that crevasse and at last reports it was widening and a large amount of water was passing through. All other points in this levee district are reported safe.

CAIRO, Ill., March 20.—Water undermined a hill at Columbus, Ky., on the Mississippi south of here, yesterday, and an area of three acres was carried into the river. A wave twenty feet high wrecked four small boats and the large Iron Mountain transfer steamer Julius Morgan. She was lifted by the waves and came down on piling, which stove holes in the bottom of the boat, the piles going above the engine room.

MISSOULA, Mont., March 20.—W. S. Paine and C. A. Searls, former employes of the Northern Pacific express office at Brainerd, Minn., were arrested here yesterday for robbing that company of $15,000 about a year ago. The men have been living here about six months.

Foreign.

ST. PETERSBURG, March 20.—The Novosti, commenting on the resignation of Prince Bismarck, says: "The solitary support of the edifice of European peace has crumbled."

LONDON, March 20. The Standard's Berlin dispatches says that General Von Caprivi is opposed to increasing the navy, a measure which the emperor favors.

After a Murderer.

SPRINGFIELD, Ill., March 19.—Governor Fifer to-day offered a reward of $200 for the arrest of the burglar who murderously assaulted ex-State Senator D. B. Gillhan, at Upper Alton, Ills., last Tuesday.

The City is All Right.

CHATTANOOGA, March 20.—The shortage of City Auditor Whiteside, so far as known, is only $6,882.50, and the city is secured by good bonds.

The county jail encloses more prisoners to-day than it has at any one time this year. Forty tramps alone have registered within the past six days.

BY HER OWN HAND!

Miss White, a Pretty Young Lady, of Joliet, Ill., Commits Suicide While Driving on the Street.

JOLIET, Ill., March 20.—Miss Jesse Z. White, the pretty daughter of James S. White, of 63 Nicholson street, died by her own hand last evening, the victim of a long course of malicious persecution.

Miss White had been driving about the streets for quite a while during the early evening. She was alone in the buggy, and pleasantly acknowledged the bows of acquaintances she met in the course of her drive.

Just before dark she stopped her horse in front of the Hotel Monroe, picked up a box from the bottom of the buggy, opened it and from it took a revolver which she pressed against her left breast and fired, falling dead in the buggy.

For three years Miss White has been in receipt of anonymous letters charging her with immorality and threatening her with death and all manner of evil, and in a letter addressed "To My Dear Ones at Home," she said she was tired of life and was going to kill herself to deny the "letter writer the pleasure of doing it." Miss White was nineteen years old and much respected.

DESERTS HER HUSBAN

And Elopes With a Worthless Tramp —A Woman's Strange Infatuation.

CHICAGO, March 20.—Sheriff Allinger, of Sidney, O., is in Chicago looking for a runaway wife. The woman, whose name is withheld, is the wife of one of the wealthiest citizens of Fort Jefferson, Ohio. The man for whom she left her husband, home and children is said to to be a worthless and ignorant tramp.

Last Saturday afternoon the woman obtained about $100 from her husband, gathered her jewels and other valuables together, and left for Muncie, Ind., where she was met by her paramour, and together they came to Chicago.

LAST OF THE SEASON.

The Switchmen to Have a Grand Ball at Princess Rink.

The Switchmen's Mutual Aid association of this city have decided to give a grand ball at Princess Rink on April 24. The First Regiment band and orchestra has been engaged and the boys will go to considerable expense to have a nice affair.

The committees are as follows:

Reception Committee—Theodore Bly, E. J. Morris, N. W. Lancaster, Frank Devilla, Ross Gardner, J. M. Kelly, P. D. Davis.

Floor Managers—D. C. Murphy, chief; Henry Bly, D. H. Hase, George London, Joe Wells, H. O. Russell.

It is expected that this will be the last ball of the season at the Princess.

OFF FOR HUNTINGTON.

Three Delegations of Odd Fellows Go From Here.

This afternoon a delegation of about two hundred Odd Fellows left over the Wabash for Huntington to participate in the ceremonies and festivities attendant upon the dedication of a new Odd Fellows hall.

The delegation had a representation of the Patriarchs Militant from Garrett, Columbia City and Fort Wayne, the two former being guests of Fort Wayne and marching under the escort of the First Regiment band, provided by the home lodge.

Quite a number of ununiformed members also attended.

The Steele Trial.

CHICAGO, March 20.—The members of the Steele court martial were treated to something of a sensational character at the opening of the third day's session this morning, and the subsequent proceedings were anything but agreeable to ex-Private Wild, Lieutenant Steele's accuser. Just as soon as the voluminous record of yesterday had been read Lieutenant Crowders, counsel for Steele, informed the court that some important undeserved evidence had come into his possession.

He went on to say that three days ago Wild visited the general offices of the local recruiting sergeant and in the course of a lengthy conversation, plentifully interlarded with vile epithets, had stated that he bore a personal grudge against Steele, and had at last a chance to get even.

On Thursday evening, March 27th, the citizens of Fort Wayne will be treated to a treat of treats in the shape of a lecture by Miss Nellie Bly. It is only through the acquaintance of Mr. Johnston (Miss Bly's representative for Mr. J. M. Hill) with Mr. Bower, the general secretary of the Y. M. C. A., that she was secured for this city, and Fort Wayne can consider herself among the favored few. Miss Bly will carry her audience around the world in one hour and a half in a most interesting and fascinating way, relating the scenes and incidents that occurred on that most remarkable trip around the globe in seventy-two days.

George Kennan will lecture in this city again on the 11th of April.

STRIKE SETTLED.

The London Mine Owners and Operatives Agree Upon a Satisfactory Settlement—Other Cable News.

LONDON, March 20.—The conference between the mine owners and their operatives to-day resulted in the granting to the men of an immediate advance in wages of 5 per cent.

It was also agreed that another increase of five per cent. should be allowed from August 1. Work is to be immediately resumed. The conference also resulted in an agreement upon the main principles of a plan for dealing with the wage question in the future.

BERLIN, March 20.—The National Zeitung, referring to Prince Bismarck's remark to one of the Italian delegates, Signor Boccardo, yesterday, that the policy of Italy and Germany must be identical in the future as they had been in the past, says it can be confidently applied to the foreign policy of Germany generally. Nothing in the appointing of General Von Caprir, to succeed Prince Bismarck, the paper says, is threatening. Attention is called to the fact that the Duke of Wellington was at one time prime minister of Great Britain, and the Zeitung declares that German generals appreciate the blessings of peace no less than other Germans in responsible positions.

The Vossisch Zeitung says: "The tension of European politics has been brought to a climax by the fact that the destinies of Europe have suddenly been deprived of their axis. Prince Bismarck was a guarantee of peace. His successor will be compelled to immediately deal with the question of a reduction of the military bureau in the interests of peace. The nation witnesses the retirement of Prince Bismarck with regret but without anxiety."

General Von Caprivi, commander of the Tenth army corps, has been appointed chancellor of the empire to succeed Prince Bismarck.

LONDON, March 20.—Lord Salisbury denied that the government intended to hand over to the Boers the control of Swan island. He also expressed the hope that the Behring sea matter would soon be settled, but added that with so suspectible a nation as the United States the government could not negotiate at the top of its voice (loud laughter). Lord Salisbury ridiculed the idea that a dissolution of parliament was imminent. He severely censured the luke-warmness of the tories, which, he said, had contributed to such reverses as the present government had met. Lord Salisbury asserted that the new Irish bill would guarantee the security of the property of Irish landlords. A vote of thanks was then accorded to Lord Salisbury.

HANDSOME AND RICH.

Fort Wayne Gents Sueing for the Hand and Fortune of Madam Naomi.

Madam Naomi, of Chelsea, Mich., who has offered $5,000 and her farm in Michigan to the young gentleman of this city, who will accept her heart and hand, is creating a sensation and when she visits here will find no trouble at all in securing a choice from several.

The unmarried newspaper men are all in the race—Mohler, Moynihan, Dougall and others—and besides these a dozen more have signified their intention of entering the lists. It has been suggested that the young lady marry a dozen or more, and this she will have to do, or there will be a general fight on hand.

THE SENTINEL looks for "music in the air and blood on the moon" when Madam Naomi arrives. Correspondence has already sprung up between a score of young gentlemen of this city and Madam Naomi, and the fun is only just begun.

The young lady's accomplishments are great and this, added to her fortune, will find hundreds of suitors bowing to her within an hour after she reaches Fort Wayne. It is said that City Editor Mohler has already made a flying visit to Chelsea.

Interest centers in the attractions at the World's Museum this week. The attendance was large. Manager Geary is arranging a good show for next week and he has one this week that delights everybody.

Manager Geary, of the World's Museum, had several boys out this morning cleaning the street crossings on Calhoun street. On the backs of each of the boys was a sign reading "We are working for Wild Rose." This is the attraction that appears at the World's Museum next week, and Manager Geary takes this way of advertising it. He pays the boys for their work out of his own pocket. FIRE SWEPT!

Two Blocks of Buildings Destroyed at Jacksonville, Fla.—The Manhattan Electric Case.

JACKSONVILLE, Fla., March 20.—Two blocks of buildings and the Elgin house in Lavalle, a suburb of this city, were destroyed by fire early this morning loss, $125,000; many of the tenants escaped in their night clothes. No lives were lost.

CLAIMS DISALLOWED.

The County Made Defendant in Suit For $25,000 Damages.

The county commissioners yesterday disallowed the claims presented by Branyan & Spencer and Cobb & Watkins, of Huntington, as attorneys for Henry M. Sparks, damages, $5,000; James M. Wilmore, administrator of the estate of Emanuel Isenberger, damages, $10,000; Joseph J. Creviston, administrator of the estate of Horace M. Wright, damages, $10,000; brought by the breaking of a bridge at Zanesville, by which injuries and death were incurred.

Mr. Sparks received injuries to his leg, knee, hips and body, and to such extent that he was permanently disabled, besides which his engine and machinery were damaged to the extent of $150. Mr. Wilmore, administrator, shows in his complaint the same state of affairs as regard to the condition of the bridge, and shows that Isenberger was so dangerously injured that death resulted the day after the accident. After reciting the facts of the accident, Mr. Joseph J. Creviston, as administrator of the estate of Horace M. Wright, relates the death of Wright from the injuries received after long and great suffering, and the fact that he had left dependent a wife and six children.

The cases have been taken to the superior court, and will be strongly contested on both sides.

Bell & Morris will appear for Allen county.

A few days ago THE SENTINEL printed an article concerning Mr. Ambroso MacNeil, whose whereabouts at that time was puzzling some in this city. The following letter has been received from Mr. MacNeil:

FLINT, Mich., March 18, 1890.

Editor of The Sentinel.

I thought I would drop you a brief line or two and inform you that I expect to return to Fort Wayne within about two weeks.

I remain, dear sir, very truly yours,
AMBROSE MACNEIL.

A number of the members of the Ancient Order United Workmen paid a very pleasant visit to Garrett, Ind., on Tuesday evening, where, upon invitation of Provident Lodge, No. 46, the visitors were treated to an elegant banquet after the business of the lodge was over. Three candidates were introduced into the mysteries of the order, and the "pranks of Mr. Goat." This lodge was only lately instituted and from the outlook promises to be one of the leading lodges in the northern part of the state. The visitors were royally entertained during their stay, and at an "early" hour took their departure for home with best wishes for the success of their Garrett brethren and Provident lodge. Among those present from this city were A. P. Jackson, W. A. Jackson, W. S. Harrison, S. Fessenden, Edward Hagan, I. P. Merilette, John N. Pfeiffer, L. H. Johnson, M. M. Haines, N. W. Lambert, A. V. Striker, Frank Brooks and J. R. Schafer.

We keep store to supply our customers with what they want. We do not presume to instruct them as to what they ought to want.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlasing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return if not satisfactory; money returned in full.

CONGRESS.

A Substitute for the Resolution for Reciprocity With Canada - News from Washington.

WASHINGTON, March 20.—At a meeting of the house committee on foreign affairs to day a sub committee reported a substitute for a resolution for reciprocity with Canada offered by Mr. Hitt, of Ills. Mr. Hitt was directed by the full committee to report the substitute to the house. The substitute is as follows:

Resolved, That whenever it shall be duly certified to the president of the United States that the government of the Dominion of Canada has declared a desire to enter into such commercial arrangements with the United States as will result in the complete removal of all duties upon trade between Canada and the United State, he shall appoint three commissioners to meet those who may be designated to represent the government of Canada, to consider the best method of extending the trade relations between Canada and the United States, and to ascertain on what terms greater freedom of intercourse between the two countries can be best secured, and said commissioners shall report to the president, who shall lay the report before congress.

THE TARIFF BILL.

The republican members of the ways and means committee will submit the tariff bill to the full committee Friday. There are one or two items not finally acted on, but these will be definitely settled before time. An arrangement has been reached with regard to the Mexican lead ores which has been a vexatious problem.

Lead ores will be dutiable at 1½ cent per pound and will have to pay a duty regardless of whether or not the lead ore is associated with other ores. Under a ruling of the treasury department lead ores were allowed to come in free of duty when mixed with silver ore, where the latter was the material of chief value. There was a great deal of complaint in the West over this ruling and under the new schedule lead ore will pay a duty under all circumstances.

EDUCATIONAL BILL.

At one o'clock the educational bill came up in the senate and Mr. Bate took the floor in defense of Tennessee's position in the sisterhood of the states. He opposed the bill. At two o'clock Mr. Blair took the floor to conclude the debate. There is some talk of postponing the bill to December next. This would be a method of killing it by indirection.

The Blair educational bill was defeated by a vote of 37 to 31.

IN NORTH DAKOTA.

Dakota Legislature Adjourns Refusing a Governor—A Doubtful Law.

CHICAGO, March 20.—A dispatch from Bismarck, N. D., says: The legislature has adjourned. The senate considered in open session the appointments sent in by Governor Miller Monday. There was no secrecy and after an oral bombardment of the governor's position and a scathing denunciation for his failure to consult the senate on appointments, the entire list of appointments were rejected. Senator Worst said the governor had taken 119 days to decide upon the men to hold the positions of trust throughout the state and now expected the senate to do the same work in a day. Other senators spoke in the same vein. The governor will now probably commission his appointees.

A short time before adjournment it was discovered that R. N. Stevens, chairman of the house railroad committee, had disappeared with the bill providing for taxation of the railroads of the state. The bill had passed the senate and by common consent it was to pass the house. It was too late to pass another bill and officers were dispatched in every direction to capture the missing Stevens, but all efforts were futile.

As the next best thing, a certified copy of the original bill in possession of Stevens passed the house and was sent to the governor for his approval. This is a doubtful law. A motion to expel Stevens for his unprecedented action was defeated.

Boomers Will Go In.

ARKANSAS CITY, March 20.—The boomers have issued a proclamation to the effect that they will enter the Cherokee strip on April 22, the anniversary of the opening of Oklahoma. No attempt will be made to disobey the president's orders and enter before that time.

Clearing the Cherokee strip was begun yesterday by the United States cavalry troops, four companies marching the full width at equi-distances from each other. No resistance is made by settlers. Roads will be established to prevent invasion until legally opened by proclamation.

The Weather.

WASHINGTON, March 20.—The storm which was yesterday morning central on the Virginia coast, passed northeastward to Nova Scotia, causing severe northeasterly gales on the coast.

For Indiana—Rain; warmer; southerly winds.

War Inevitable.

PARIS, March 19.—The Transigeant says war is doubly certain to break out before long. Sickle fears some rash act of Emperor William will disturb the peace.

THE WIRES TALK.

Telegrams Cut Short and Bunched Together.

DANVILLE, Pa., March 20.—The sudden disappearance of Gideon K. Poindexter, the warehouse man, continues to be a sensation, and his whereabouts are unknown. Some persons believe that he left with $15,000 if not more. The countrymen whose tobacco he sold are out about $3,000. One hundred attachments have been issued against persons supposed to be indebted to Poindexter.

WILKESBARRE, Pa., March 20.—The work of distributing provisions and supplies among the destitute miners was actively commenced here yesterday. The distribution force of the benevolent society were kept hard at work all day and the store room was crowded with applicants for aid, chiefly women, who told sad stories of want.

SHELBYVILLE, Ind., March 20.—Thos. Vanderier's saw mill at Brookfield, ten miles west of here, was blown up by dynamite and completely wrecked Tuesday night. The loss is several thousand dollars. The identity of the perpetrator is unknown.

NEW YORK, March 20.—A fire in the Hotel Bristol, No. 17 East Eleventh street, early this morning created a panic among the guests, many of whom fled to the street clad in very light apparel. The fire was extinguished after a loss of $5,000 was caused.

FREDERICKSBURG, Va., March 20. Four indictments against Harrison Wagner were found yesterday by the grand jury at Stafford court house. The charge is forgery in connection with the papers in the suit against the Adams Express company.

PHILADELPHIA, Pa., March 20.—Ex-Mayor Daniel Fox died at 7:15 o'clock, this morning, at Atlantic City, where he has been ill for the past ten days.

LA CROSSE, Wis., March 20.—The condition of Arch-Bishop Heiss remains about the same as during the past forty-eight hours. He rallied a little yesterday, but relapsed again during the evening. A consultation of physicians was held, and they report that the prelate may pass away at any moment.

INDIANAPOLIS, March 20.—Mrs. Margaret Reibold, aged seventy six, mother of Louis Reibold, proprietor of the Hotel Bates, died last night, of quinsy and heart trouble. The other sons are Fred Reibold, of Dayton, O., and Daniel Reibold, of Terre Haute.

SAN FRANCISCO, Cal., March 20.—When asked the effect of the proposed reduction on the duty of sugar on the beet sugar industry of California, John D. Spreckles replied, "It will kill it. If the proposed bill passes we shall not put up machinery for a second refinery, but will send it back to Germany."

VICKSBURG, Miss., March 20. The break in the levee has increased to 350 feet wide. One of the broken ends has been secured and the other will be made secure to-day. No great damage has yet been reported from the overflows, only one cabin in the immediate vicinity of the break having been washed away. The water is spreading in the low places and is now within four miles of Greenville, on the Black bayou. It is thought Greenville is in no danger from this break. The river has fallen here five inches since the levee at Lake, Ark., broke. No efforts are being made to close that crevasse and at last reports it was widening and a large amount of water was passing through. All other points in this levee district are reported safe.

CAIRO, Ill., March 20.—Water undermined a hill at Columbus, Ky., on the Mississippi south of here, yesterday, and an area of three acres was carried into the river. A wave twenty feet high wrecked four small boats and the large Iron Mountain transfer steamer Julius Morgan. She was lifted by the waves and came down on piling, which stove holes in the bottom of the boat, the piles going above the engine room.

MISSOULA, Mont., March 20.—W. S. Paine and C. A. Searls, former employes of the Northern Pacific express office at Brainerd, Minn., were arrested here yesterday for robbing that company of $15,000 about a year ago. The men have been living here about six months.

Foreign.

ST. PETERSBURG, March 20.—The Novosti, commenting on the resignation of Prince Bismarck, says: "The solitary support of the edifice of European peace has crumbled."

LONDON, March 20.—The Standard's Berlin dispatches says that General Von Caprivi is opposed to increasing the navy, a measure which the emperor favors.

After a Murderer.

SPRINGFIELD, Ill., March 19.—Governor Fifer to-day offered a reward of $200 for the arrest of the burglar who murderously assaulted ex-State Senator D. B. Gillham, at Upper Alton, Ills., last Tuesday.

The City is All Right.

CHATTANOOGA, March 20.—The shortage of City Auditor Whiteside, so far as known, is only $6,882.50, and the city is secured by good bonds.

The county jail encloses more prisoners to-day than it has at any one time this year. Forty tramps alone have registered within the past six days.

BY HER OWN HAND!

Miss White, a Pretty Young Lady, of Joliet, Ill., Commits Suicide While Driving on the Street.

JOLIET, Ill., March 20.—Miss Jessie Z. White, the pretty daughter of James S. White, of 63 Nicholson street, died by her own hand last evening, the victim of a long course of malicious persecution.

Miss White had been driving about the streets for quite a while during the early evening. She was alone in the buggy, and pleasantly acknowledged the bows of acquaintances she met in the course of her drive.

Just before dark she stopped her horse in front of the Hotel Monroe, picked up a box from the bottom of the buggy, opened it and from it took a revolver which she pressed against her left breast and fired, falling dead in the buggy.

For three years Miss White has been in receipt of anonymous letters charging her with immorality and threatening her with death and all manner of evil, and in a letter addressed "To My Dear Ones at Home," she said she was tired of life and was going to kill herself to deny the "letter writer the pleasure of doing it." Miss White was nineteen years old and much respected.

DESERTS HER HUSBAN

And Elopes With a Worthless Tramp—A Woman's Strange Infatuation.

CHICAGO, March 20.—Sheriff Allinger, of Sidney, O., is in Chicago looking for a runaway wife. The woman, whose name is withheld, is the wife of one of the wealthiest citizens of Fort Jefferson, Ohio. The man for whom she left her husband, home and children is said to to be a worthless and ignorant tramp.

Last Saturday afternoon the woman obtained about $100 from her husband, gathered her jewels and other valuables together, and left for Muncie, Ind., where she was met by her paramour, and together they came to Chicago.

LAST OF THE SEASON.

The Switchmen to Have a Grand Ball at Princess Rink.

The Switchmen's Mutual Aid association of this city have decided to give a grand ball at Princess Rink on April 24. The First Regiment band and orchestra has been engaged and the boys will go to considerable expense to have a nice affair.

The committees are as follows:

Reception Committee—Theodore Bly, E. J. Morris, N. W. Lancaster, Frank Deville, Ross Gardner, J. M. Kelly, P. D. Davis.

Floor Managers—D. C. Murphy, chief; Henry Bly, D. H. Hase, George London, Joe Wells, R. O. Russell.

It is expected that this will be the last ball of the season at the Princess.

OFF FOR HUNTINGTON.

Three Delegations of Odd Fellows Go From Here.

This afternoon a delegation of about two hundred Odd Fellows left over the Wabash for Huntington to participate in the ceremonies and festivities attendant upon the dedication of a new Odd Fellows hall.

The delegation had a representation of the Patriarchs Militant from Garrett, Columbia City and Fort Wayne, the two former being guests of Fort Wayne and marching under the escort of the First Regiment band, provided by the home lodge.

Quite a number of ununiformed members also attended.

The Steele Trial.

CHICAGO, March 20.—The members of the Steele court martial were treated to something of a sensational character at the opening of the third day's session this morning, and the subsequent proceedings were anything but agreeable to ex-Private Wild, Lieutenant Steele's accuser. Just as soon as the voluminous record of yesterday had been read Lieutenant Crowders, counsel for Steele, informed the court that some important undiscovered evidence had come into his possession.

He went on to say that three days ago Wild visited the general offices of the local recruiting sergeant and in the course of a lengthy conversation, plentifully interlarded with vile epithets, had stated that he bore a personal grudge against Steele, and had at last a chance to get even.

On Thursday evening, March 27th, the citizens of Fort Wayne will be treated to a treat of treats in the shape of a lecture by Miss Nellie Bly. It is only through the acquaintance of Mr. Johnston (Miss Bly's representative for Mr. J. M. Hill) with Mr. Bower, the general secretary of the Y. M. C. A., that she was secured for this city, and Fort Wayne can consider herself among the favored few. Miss Bly will carry her audience around the world in one hour and a half in a most interesting and fascinating way, relating the scenes and incidents that occurred on that most remarkable trip around the globe in seventy-two days.

George Kennan will lecture in this city again on the 11th of April.

STRIKE SETTLED.

The London Mine Owners and Operatives Agree Upon a Satisfactory Settlement—Other Cable News.

LONDON, March 20.—The conference between the mine owners and their operatives to day resulted in the granting to the men of an immediate advance in wages of 5 per cent.

It was also agreed that another increase of five per cent. should be allowed from August 1. Work is to be immediately resumed. The conference also resulted in an agreement upon the main principles of a plan for dealing with the wage question in the future.

BERLIN, March 20.—The National Zeitung, referring to Prince Bismarck's remark to one of the Italian delegates, Signor Baccardo, yesterday, that the policy of Italy and Germany must be identical in the future as they had been in the past, says it can be confidently applied to the foreign policy of Germany generally. Nothing in the appointing of General Von Caprir, to succeed Prince Bismarck, the paper says, is threatening. Attention is called to the fact that the Duke of Wellington was at one time prime minister of Great Britain, and the Zeitung declares that German generals appreciate the blessings of peace no less than other Germans in responsible positions.

The Vossiach Zeitung says: "The tension of European politics has been brought to a climax by the fact that the destinies of Europe have suddenly been deprived of their axis. Prince Bismarck was a guarantee of peace. His successor will be compelled to immediately deal with the question of a reduction of the military bureau in the interests of peace. The nation witnesses the retirement of Prince Bismarck with regret but without anxiety."

General Von Caprivi, commander of the Tenth army corps, has been appointed chancellor of the empire to succeed Prince Bismarck.

The North German Gazette gives prominence to a report that General Von Caprivi not only succeeds to the chancellorship but to the presidency of the ministry.

LONDON, March 20.—It is reported that Ishuke Khan is at Bokhari with a large force, equipped with repeating rifles and artillery, ready to invade Afghanistan.

BRUSSELS, March 20.—The ministry of husbandry in the chamber of reports yesterday refused to consent to a tax upon grain imports.

PARIS, March 20.—There is a generally anxious feeling here. A rumor prevails that the German embassador will resign. The rumor has a depressing effect on the bourse.

LONDON, March 20.—Lord Salisbury denied that the government intended to hand over to the Boers the control of Swan island. He also expressed the hope that the Behring sea matter would soon be settled, but added that with so suspentible a nation as the United States the government could not negotiate at the top of its voice (loud laughter). Lord Salisbury ridiculed the idea that a dissolution of parliament was imminent. He severely censured the Inko-warmness of the tories, which, he said, had contributed to such reverses as the present government had met. Lord Salisbury asserted that the new Irish bill would guarantee the security of the property of Irish landlords. A vote of thanks was then accorded to Lord Salisbury.

HANDSOME AND RICH.

Fort Wayne Gents Sueing for the Hand and Fortune of Madam Naomi.

Madam Naomi, of Chelsea, Mich., who has offered $5,000 and her farm in Michigan to the young gentleman of this city, who will accept her heart and hand, is creating a sensation and when she visits here will find no trouble at all in securing a choice from several.

The unmarried newspaper men are all in the race—Mohler, Moynihon, Dougall and others—and besides these a dozen more have signified their intention of entering the lists. It has been suggested that the young lady marry a dozen or more, and this she will have to do, or there will be a general fight on hand.

THE SENTINEL looks for "music in the air and blood on the moon" when Madam Naomi arrives. Correspondence has already sprung up between a score of young gentlemen of this city and Madam Naomi, and the fun is only just begun.

The young lady's accomplishments are great and this, added to her fortune, will find hundreds of suitors bowing to her within an hour after she reaches Fort Wayne. It is said that City Editor Mohler has already made a flying visit to Chelsea.

In justice to Mr. Hutzell Dr. Siemen says there was no concussion at any time, and that the boy is out on the streets.

The Chere Ami club will give a smoker Tuesday evening at their club room in the Anderson block, corner of Broadway and Jefferson street.

The seven-day-old daughter of Mr. and Mrs. John Stier, 180 Hanna street, died this morning of spasms. Funeral to morrow at 1 p. m., from the Cathedral.

Mrs. Ras McDaniels, who lives eight miles east of Shelbyville, Ind., tried to commit suicide last night by taking a large dose of laudanum, but after a night of hard work her life was saved.

Go out-between-nels young men were surprised to find last night that intermissions were only one minute long each time at the performance of "Nordeck." It is a good innovation for Fort Wayne.

Mr. Charles Geiger was tendered a reception by his gentlemen friends last evening, previous to his departure to Durango, Col., where he will enter the employ of George Goodman, formerly of this city, who is in business there.

Blind Tom, the negro musical prodigy, by some mistake found himself at Clay City last Monday, but before the next train came along the music lovers of the town persuaded Tom to give them a concert. He complied, and a handsome purse was contributed in return.

Our people should remember the lecture of Rev. R. M. Barns, D. D., at the Wayne Street M. E. church this evening. The lecture will be one of unusual interest as the reverend gentleman is a popular speaker, and knows well how to entertain as well as to instruct.

Miss Ella Hagerhurst, of Toledo, O., is visiting Miss Anna Gaetje, at 179 Calhoun street. Mr. Fred Smith, of Port Huron, Mich., baggagemaster of the Chicago and Grand Trunk road, is also visiting in the city. These two items belong together and have a significance.

Dan Carpenter, of Elkhart, has leased the base ball park at that place and organized a team to enter the Indiana league, which yet requires two clubs for its completion. Goshen parties are figuring to organize a team and secure the other franchise. The Goshen News heads a subscription list with $50 for that purpose.

Interest centers in the attractions at the World's Museum this week. The attendance was large. The half man half horse is the wonder of all and the chicken hatching machine attracts a great deal of attention. The stage performance is good. Manager Geary is arranging a good show for next week and he has one this week that delights everybody.

Manager Geary, of the World's Museum, had several boys out this morning cleaning the street crossings on Calhoun street. On the backs of each of the boys was a sign reading "We are working for Wild Rose." This is the attraction that appears at the World's Museum next week, and Manager Geary takes this way of advertising it. He pays the boys for their work out of his own pocket. Such a way of advertising is a benefit to the public.

A short time ago Mr. F. W. Pottmeyer, of Logansport, issued a challenge to the pool players of the state, offering to play any one of them a match game of pool for $100 a side and the championship of Indiana. Mr. Will Coleman, of Indianapolis, has accepted the challenge and signed articles of agreement, which stipulates that the game take place in Logansport, 200 balls to be played each night for three nights, beginning next Monday evening.

STRAYED from his wife to sought for by a Chester, Pa., man, and he looks his claim for it by the statement that she danced for joy when he chopped his fingers off.

The prices of camphor and gum promise to rise. The German government is making gigantic purchases of these articles for the manufacture of smokeless powder.

FIRE SWEPT!

Two Blocks of Buildings Destroyed at Jacksonville, Fla.—The Manhatan Electric Case.

JACKSONVILLE, Fla., March 20.—Two blocks of buildings and the Elgin house in Lavalle, a suburb of this city, were destroyed by fire early this morning loss, $125,000; many of the tenants escaped in their night clothes. No lives were lost.

The burned buildings include Hall's immense store and warehouse, J. E. Bowden's Turkish bath establishment and eight cottages, besides the hotel.

NEW YORK, March 20.—In the supreme court to-day Judge Andrews denied the motion of the Manhattan Electric Light company to enjoin the board of electrical control, and the mayor from awarding a contract to the Standard electric company for the construction of subways, and the Consolidated Telegraph and electrical subway company from transferring the present subways to the new company.

CLAIMS DISALLOWED.

The County Made Defendant in Suit For $25,000 Damages.

The county commissioners yesterday disallowed the claims presented by Branyan & Spencer and Cobb & Watkins, of Huntington, as attorneys for Henry M. Sparks, damages, $5,000; James M. Wilmore, administrator of the estate of Emanuel Imberger, damages, $10,000; Joseph J. Creviston, administrator of the estate of Horace M. Wright, damages, $10,000; brought by the breaking of a bridge at Zanesville, by which injuries and death were incurred.

Mr. Sparks received injuries to his leg, knee, hips and body, and to such extent that he was permanently disabled, besides which his engine and machinery were damaged to the extent of $150. Mr. Wilmore, administrator, shows in his complaint the same state of affairs as regard to the condition of the bridge, and shows that Isenborger was so dangerously injured that death resulted the day after the accident. After reciting the facts of the accident, Mr. Joseph J. Creviston, as administrator of the estate of Horace M. Wright, relates the death of Wright from the injuries received after long and great suffering, and the fact that he had left dependent a wife and six children.

The cases have been taken to the superior court, and will be strongly contested on both sides.

Bell & Morris will appear for Allen county.

CHANGING BEATS.

Marshal Franke Makes Some Transfers in the Day Police Force.

Marshal Franke has decided to adopt the measure of Chief Wilkinson in transferring officers to different beats.

This morning Officer Patton, who has for a long time patrolled down-town territory, was transferred to Officer Troutman's beat, in the south end, and Troutman goes to Officer Quinn's beat, in the west end. Officer Quinn is transferred to Patton's beat down town.

There will be more changes.

"A DIAMOND BRACELET."

The Suburban Home of L. M. Ninde Entered by a Burglar.

A few nights ago the suburban home of Hon. L. M. Ninde, in South Wayne, was entered by a burglar. Mr. Ninde pursued the intruder through the house, but the fellow escaped, taking with him a valuable diamond bracelet, belonging to Miss Jennie Ninde, and other articles to the value of perhaps $300.

He Will Return.

A few days ago THE SENTINEL printed an article concerning Mr. Ambrosa MacNeil, whose whereabouts at that time was puzzling some in this city. The following letter has been received from Mr. MacNeil:

FLINT, Mich., March 18, 1890.

Editor of The Sentinel.

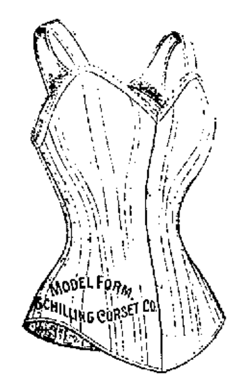

I thought I would drop you a brief line or two and inform you that I expect to return to Fort Wayne within about two weeks.

I remain, dear sir, very truly yours,
AMBROSE MACNEIL.

A number of the members of the Ancient Order United Workmen paid a very pleasant visit to Garrett, Ind., on Tuesday evening, where, upon invitation of Provident Lodge, No. 46, the visitors were treated to an elegant banquet after the business of the lodge was over. Three candidates were inducted into the mysteries of the order, and the "pranks of Mr. Goat." This lodge was only lately instituted and from the outlook promises to be one of the leading lodges in the northern part of the state. The visitors were royally entertained during their stay, and at an "early" hour took their departure for home with best wishes for the success of their Garrett brethren and Provident lodge. Among those present from this city were A. P. Jackson, W. A. Jackson, W. S. Harrison, S. Fessenden, Edward Hogan, I. P. Merkitte, John N. Pfeiffer, L. H. Johnson, M. M. Baines, N. W. Lambert, A. V. Striker, Frank Brooks and J. R. Schafer.

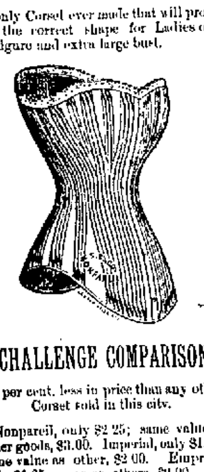

The children of Mr. and Mrs. Frank Pearse accompanied Miss Callahan to her home at Avilla to-day.

It is the Cheapest Remedy Know. It is the Ladies' Friend. A Perfect Pain Killer.

GRAND RAPIDS, Oct. 2, 1888.

This is to certify that I have been troubled with Neuralgia in the Face and Womb for over four (4) years. At times the pains were excruciating, and I thought I must die. I had spent dollar after dollar and physicians could give me no relief. Upon the advice of a friend I bought a bottle of Steketee's Neuralgia Drops, and after using it according to directions, I can say I feel better than I have felt for many years. I shall continue in its use until I am thoroughly well. I feel very grateful to Mr. Steketee for making such a medicine. I will take pleasure in stating my case to any lady who may call on me.

THE days and nights are now equal, but the days will gradually outlengthen the nights.

The republicans of Aboite township will nominate their candidates for township offices one week from to-morrow.

So FAR 51 of the 211 Presbyteries in this country have voted on the question of a revision of the Westminster confession, 36 voting "yes" and 15 "no."

FORT WAYNE is fixed now. She has a base ball club for the coming season. We venture the prediction that our boys will carry off the pennant for 1890 in the Indiana league games.

OUR winter ends and spring begins to-morrow. It has been winter in name only and throughout the entire season there has not been a day's sleighing in Fort Wayne. It was an open winter for a fact.

ATLANTA, GA., provides for the members of its city fire department by taking out accident policies which will give each member of the force $10 a week if disabled by accident, and $1,500 to his family in case of death. The cost to the city is $14,000 annually.

QUEEN VICTORIA has written two books which have never been published. They are volumes of travel, and recount her impressions of various places on the continent. She has been so annoyed at the criticisms of her published works that she has refused to have these manuscripts put into print. They will be published after her death.

POSTMASTERS for Indiana were appointed yesterday as follows: Banquo, Huntington county, W. S. Spaulding, vice A. D. Kaylor, resigned; Forest Hill, Decatur county, J. S. Ryker, vice L. J. Crise, removed; Montclaire, Hendricks county, Thomas Plummer, vice T. W. Ellis, removed; Roseburgh, Grant county, A. Overman, vice L. K. Foust, resigned.

BISMARCK'S retirement from the duties of the chancellorship under young Emperor William of Germany, created a great surprise in diplomatic circles all over the world. It has been evident for some time that the breach between the chancellor and the pertinacious and priggish young emperor was daily growing wider. He doubtless felt the ingratitude of his new master, and when he found that he had only responsibility, without power, he preferred to retire to Friedrichsruhe to end his days in peace. The great empire will miss his genius and ruling hand.

VOORHEES ON THE TARIFF.

The resolution offered by Senator Voorhees, of Indiana, last Monday in the United States senate, as to the agricultural depression, was taken up yesterday and Mr. Voorhees addressed the senate in relation to it in a masterly speech. He spoke of the deep, strong current of anxiety, discontent and alarm prevailing in the farming communities and said that he proposed to aid them in the inquiry as to the causes of the existing depression.

Mr. Voorhees characterized the protective tariff as a curse. He was dealing not with a theory, but with a condition which even a blind man could look at and draw from it an unerring conclusion. The farmers of the United States to-day do not receive on an average more than ten cents a bushel for corn, fifty cents for their wheat, and from two to three cents per pound for hogs.

It was a notorious and self-evident truth that the tariff as it now stood, increased the farmer's expense account from 25 to 100 per cent. on every implement of industry with which he toiled. He declared that not only had there been no increase in the value of land for the last quarter of a century, but there had been an absolute loss of 33 per cent. If the improved farm lands of the United States were put to sale today under the most favorable circumstances, they would not, he said, on a general average, realize more than two-thirds what their value had been years ago.

The farms of the state of Ohio were now under mortgage to the amount of three hundred million dollars. In the state of Illinois the things are no better, the mortgages in the state amounting to four hundred and two millions. Twenty-three per cent. of the whole face of the state of Illinois was under mortgage.

The state of Michigan is still worse. Forty-seven per cent. of the whole surface of that state is under mortgage. In the states of Indiana, Kentucky, Missouri, Kansas, Iowa, Nebraska, and the whole northwest from 30 to 50 per cent. of the farm lands were under mortgage at such rates of interest as, farmers could never pay out of their crops, to say nothing of the principal. The remedies to be applied were: First, tariff reform; second, a full supply of legal tender money; third, free coinage of silver; fourth, suppression by law of gambling in futures; fifth, a liberal policy of pensions.

ANOTHER ELECTION LAW.

Mr. Kelley, of Kansas, has introduced a bill in the house to provide for the election of members of the house. It declares that no law or constitution shall deprive a citizen, once duly authorized to vote for a member of the legislature, of his right to vote, except upon conviction of felony.

Congress is to fix the congressional election districts in each state immediately upon the publication of the census returns and the determination of the basis of representation. Districts are to be made up of contiguous territory, and as nearly equal in population as possible; and in case congress fails to arrange the districts ninety days before election, the representatives are to be elected from the state at large.

District judges are to appoint commissioners of elections at a salary of $1,500 per annum, who shall prescribe the precincts and election places, transmit returns and preserve ballots. They shall also appoint registrars of voters, who shall nominate four associates to hold the elections. The commissioner is to furnish ballots. If persons are, by intimidation, prevented from voting, they may file a statement of their intention with the commissioner of elections. The elections are to be held on the Australian system.

AT A FAST GAIT

A Millionaire's Son and His Career of Crime.

SYRACUSE, March 20.—A young man named Malloly, who was arrested here yesterday for robbing trunks, has a remarkable record. He is the son of a millionaire coal operator, of Towanda, Pa. He is only twenty-seven years old, and began a career of crime when fifteen year old by stealing money, and with three companions ran away from home. His next exploit was the stealing of a number of car loads of brass castings, which he hired several men to remove from the cars standing on the side track. These he sold for $150, and then fled to the west. In Cincinnati he appeared as a society swell, spending his mony freely, and on one occasion giving a swell dinner, to which he invited a number of his new made friends, at a cost of $800. When his money was gone he had little difficulty in securing loans from his wealthy friends, after which he disappeared. He was about twenty years old when he was sent by his father to a cattle ranch in New Mexico, where he was employed as a clerk. He left there suddenly and raised $20,000 in Denver on a forged check, using his employer's name.

He traveled from Denver to New Orleans in a Pullman sleeper, which he hired, and there he boarded a steamer for Buenos Ayres, closely followed by detectives. At Buenos Ayres he posed as an English lord, engaged the most expensive suite of rooms in the city, bought the finest pair of horses, and spent money with a flourish. His apparent wealth gave him entree into the best society, and before he left was engaged to marry a beautiful and wealthy lady; but learning that the detectives were on his track he fled to Peru, where he was captured, just as his funds were getting low, and was brought back to this country. His father paid the amount of the forgeries, but young Mallory was sent to prison for three years. Since his discharge he has been in several scrapes, but has escaped punishment.

LAPORTE, March 17.—Papers were received here to-day granting the application made for the admission of L. A. Cole, of this city, to the Logansport insane asylum. Mr. Cole is a prominent lawyer, and one of the oldest members of the LaPorte county bar. He is an old soldier, and commanded a company in the Ninth Indiana regiment during the war of the rebellion.

Why continue the use of irritating powders, snuffs or liquids. Ely's Cream Balm, pleasant of application and a sure cure for catarrh and cold in head, can be had for 50c. It is easily applied into the nostrils, is safe and pleasant, and is curing the most obstinate cases. It gives relief at once.

The proprietors of Ely's Cream Balm do not claim it to be a cure all, but a sure remedy for catarrh, colds in the head and hay fever. It is not a liquid or a snuff, but is easily applied into the nostrils. It gives relief at once.

In the party were members of the senate and house naval affairs committees, naval officers and others.

"For years I have been afflicted with bad Digestion, Constipation and Piles. I have tried all the medicines I could get hold of, but all in vain. Even my physicians could not relieve my costiveness. In the meantime I struggled under great pain. Life was a burden. Two weeks ago I saw the Chicago "Times," and my eye fell on an advertisement of Tutt's Pills. I decided to try them. They have worked wonderfully. They keep me regular, don't make me sick, give me an appetite and are curing my piles. I am strong and can walk my distances. If I had had these pills five years ago they would have saved me $10,000; but they have saved my life. Let the afflicted everywhere know their value, which is beyond expression."

The roads centering at Chattanooga, Tenn., are to build this season a union depot to cost $500,000. It will be the finest structure of this kind south of the Ohio river. In some respects the union station at Indianapolis is to be copied after.

A Lake Shore special coach arrived in the city yesterday, bearing on board a number of the officials of the road. The officials made an inspection of the new depot, and this afternoon trains of the Lake Shore and Michigan Southern were run into the new depot. Everybody will rejoice greatly that at length the old eye-sore on the north side is to be abandoned.

Al. Swadener, engineer on the Panhandle, saved the life of a three-year-old girl in Hartford, Ind., Tuesday. The train was pulling up the grade at a rapid rate, when Swadener saw the little one seated on the end of a tie against the track. He climbed out of his cab and got to the baby just in time to push it away from the rails as he stood on the pilot. It was a heroic act.

A railway paper tie has been invented. The inventor says that he can utilize in this way the ordinary paper board, which is made from straw, grass or any cheap and coarse material. The straw boards are cemented together and pressed in molds, making, he claims, a fire and water-proof tie, which is not affected by atmospheric changes, holds the spikes firmly, is sufficiently elastic and will outwear five wooden ties.

He pleaded not guilty and was held in $500 bonds for the court of session.

The Westinghouse Air-brake company is providing homes for its employes. The company will sell to any of its employes a lot with a house on it at the actual cost price, payable in monthly installments, for the next ten years. In the plan is an important provision, which is that an amount of life insurance shall be carried to cancel the balance of the debt and leave the widows and heirs with the property unincumbered in case an employe dies. This method is adopted to secure loyalty and permanency, and to conserve the interests of workingmen.

THE BROOM THAT SWEEPS CLEAN.

Swift's Specific is the bearn of destruction to Blood Poison, its destiny being to sweep from the face of the globe the deadliest scourge to which humanity has ever been subject.

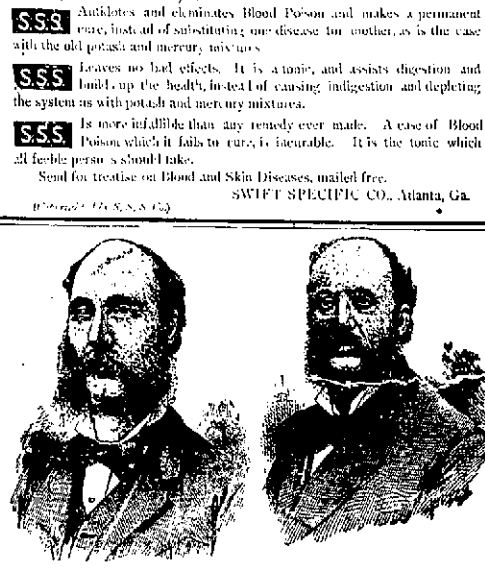

S.S.S. Antidotes and eliminates Blood Poison and makes a permanent cure, instead of substituting one disease for another, as is the case with the old potash and mercury mixtures.

S.S.S. Leaves no bad effects. It is a tonic, and assists digestion and builds up the health, instead of causing indigestion and depleting the system as with potash and mercury mixtures.

S.S.S. Is more infallible than any remedy ever made. A case of Blood Poison which it fails to cure, is incurable. It is the tonic which all feeble persons should take.
